**Gina Schwarz: *Jazzista* (Unit Records):**

This third CD by the gifted Austrian bassist Gina Schwarz features her Vienna-based working band performing her original works that are, at different times, funky, swinging, and free, and highlighted by her three-part, tango-driven *Suite Imagination*.

Trombonist Robert Bachner and guitarist Heimo Trixner are standout soloists, and Gina Schwarz again shows why she deserves to be counted among the finest bassists of our time. **(Bob Bernotas - Journalist, Author, Broadcaster)**
